WHO WE ARE

The Friends of Coffey County Library New Strawn & Burlington is a volunteer, non-profit, 501(C)(3) organization. Our board of directors are elected to a one-year term at each annual meeting. Our Friends group is continually looking for new fundraising and promotional ideas, as well as enthusiastic members who would like to serve on the board of directors.

WHAT WE DO

The Friends raise and receive funds for books, equipment, programs, and other needs not covered by the library's budget. Every dollar raised is used directly to support the New Strawn and Burlington libraries. Some members support the Friend's simply by paying their annual dues, while others become more involved by donating their time.

Membership Benefits

Your modest yearly dues and additional contributions are used to:

- Fund lively cultural and community events
- Sponsor summer reading programs
- Help support special library needs/wishes

You will receive:

- "Members only" pre-buying privileges at our annual book sale
- Advance notice to special events
- The opportunity to spend time with other book-loving people

And best of all....

Satisfaction that your tax deductible support enriches the libraries, one of the community's most important assets.
